## FOUR LOTS,

Not building lots that is in the general acceptance of the world, though a selection from any of these lots is a splendid foundation on which to build a picture collection. It's a mid-summer sale. Prices are very low. We sold a great many pictures last week and have decided to continue the sale.

50C. FOR LOT 1.—A nice little line of artistically framed pictures. Figures, Heads, Landscapes, etc. Not a picture in this line that is not worth twice the money.

98C. FOR LOT 2.—Large number of subjects. Good, substantial frames, up to date pictures. See them.

\$1.50 FOR LOT 3.—White and gold. Antique oak or burnished gold frames of all styles. Nice line of subjects. Great values.

\$1.98 FOR LOT 4.—You have been paying \$3.50 and \$4 for pictures not their equal. Large, handsome frames. Very choice subjects. All in our East Window. Prices marked in plain figures on each lot.

## Why H. S. Stout Succeeds.

Here are a few reasons why H. S. Stout has succeeded in building up the largest tailoring business in Paris:

FIRST—He recognized the fact that five years ago that the only day of big profits and small sales was past.

SECOND—He cuts the price of tailor-made garments at least 40 PER CENT.

THIRD—He kept up the quality of his materials, his styles and his workmanship.

FOURTH—He always does as he advertised.

## AS A RESULT.

As a result of this system he has built up a large trade that appreciates the fact that they save twenty dollars on a single Suit or Overcoat. "Many customers at a small profit rather than a few customers at a big profit," says H. S. Stout.

If you want credit, your high-price tailor gladly extends it, for he makes you pay dearly for it in the end.

Why not turn over a new leaf—wear the best, save money, by giving H. S. Stout a trial?

He makes the Finest Imported Suits for

\$30.00 AND \$35.00.

THERE are eggs and eggs. The egg of yesterday looks, feels, measures and weighs like the egg of last month, but there's a difference in another respect, and that difference is worth money. Its just so with laundry. The difference between good work and poor is slight to the unpracticed discernment, but it's a difference that counts every time. It's a difference that changes your laundry bill from an expense to an investment. We do good work—it will cost no more than poor work but its worth double the difference.
